

PROSECUTION ALL IN.

Theodore Durant's Trial Half Completed.

WEAK PLACES ARE ALL FILLED.

Some Startling Testimony Expected or the Young Medical Student Is Surely Doomed—A Mere Guess at What the Defense Will Bring Forth—Witnesses Who Testified Yesterday.

SAN FRANCISCO, Sept. 25.—The case of the prosecution in the trial of Theodore Durant closed yesterday afternoon. Yesterday was spent in putting the finishing touches to the testimony against the accused. Witnesses were summoned to strengthen the entire case by filling in the weak places. The chief point which the prosecution sought to establish yesterday was that Durant had said that the last time he had seen Miss Lamont was when he parted with her on the morning of April 3—she going to school, he to the Cooper medical college. In all his statements regarding the disappearance of Blanche Lamont the defendant stuck to the declaration. Detective Anthony, who arrested Durant, testified yesterday that Durant had made that statement to him when returning to the city after the arrest.

Dr. Thomas A. Vogel, a member of the Emanuel church, stated that Durant had to him the Sunday after the disappearance of Miss Lamont, made the same statement about the last time he had seen her. The prosecution expects to score a strong point by demonstrating to the jury that the prisoner made false statements regarding his movements, and the associations with the girl he is charged with having murdered. The district attorney, it is said, will use this as the basis of an argument that Durant's first statements were inspired by a sinister motive. If he had nothing to hide, it is argued, he would have told the truth about his last meeting with the girl.

William Stirling, a gas fitter, explained the work he performed in putting new tips on the gas burners. He said that on April 2, when he left the church, no gas was escaping. On April 4 he returned to the church and no escaping gas was noticed. Attorneys for the defense cross-examined this witness at length, the intention being to show that an immense quantity of gas escaped while the repairs were in progress, the object being to justify the assertion made by Durant that he was overcome by gas fumes in the belfry.

Dr. C. E. Barnum, demonstrator of anatomy at Cooper medical college, testified that the blocks placed under the dead body of Blanche were laid in the same manner as under a subject in a dissecting room.

Harry Partridge, a fellow student of Durant's, swore that about a week after Blanche disappeared Durant told him that the girl had either met with foul play or had been led astray.

Professor Charles Steinert and Organist George H. King each denied writing his name on a slip of newspaper enclosing Miss Lamont's rings which were returned to Mrs. Noble, aunt of the dead girl.

Anna Church, a former janitor of Emanuel church, said Durant had a key which would unlock all rooms in the interior of the church.

The prosecution then rested. Durant's attorneys will ask a few questions of several witnesses who have already testified, and promise thereafter to proceed with the defense immediately. The opening statement of the defense is awaited with interest.

COAL SCALE IN ILLINOIS.

The Action of the Miners Will Advance the Price Two Cents.

ST. LOUIS, Sept. 25.—The committee of 10, consisting of five coal miners and five operators of western Illinois mines appointed a conference held last Tuesday to decide the question of an advance in the scale of miners' wages in the Belleville district, met at East St. Louis Tuesday and made a report favorable to the scale asked for by the miners, providing that the question of using "top scales" at the mines is ignored.

At 2 o'clock in the afternoon the conference reported the adoption of the scale of 18¢, but favored the "top scale" matter entirely. Miners met after the report and agreed to accept the conference report. It is said that the adoption of the new scale will raise coal 2 cents a bushel.

Disappeared From the Books.

KANSAS CITY, Sept. 25.—Charles H. Vice, treasurer of the Home Mutual Aid association, an insurance society, has disappeared and taken with him the books of the association and \$11,000 of its money. The association started up 18 months ago, and during that time 500 people took out policies ranging from \$1,000 to \$3,000 and payable at the rate of \$2 to \$3 per month. Women as well as men took out the policies, and during that time about \$3,000 has been paid out.

CALLS THEM PIRATES.

Minister Romero Wants That Oakland Expedition Stopped.

NEW YORK, Sept. 25.—A special to The Herald from Washington says: The government has been called upon to stop an alleged piratical expedition in the Pacific. Senator Romero, Mexican minister to the United States, informed the state department that the Mexican consul in San Francisco had reported to him that the four-masted schooner Santana was being fitted out in Oakland, Cal., to carry an expedition to Lower California to forcibly take possession of property in that region claimed by Fries & Bethune, the title to which is now in litigation.

This information was sent to the treasury department, and Acting Secretary Hamlin sent a telegram to the collector of customs in San Francisco, directing him to see that the neutrality laws are not violated in any way by the schooner.

CHANCE FOR SOME SINGLE MAN.

Hip Sing Lee Will Pay Well For Some One to Marry His Daughter.

SAN JOSE, Cal., Sept. 25.—Hip Sing Lee, a wealthy Chinese merchant of this city, offers a half interest in his extensive merchandise business and \$5,000 in cash to any reputable young American who will marry his daughter, Moi Lee. Hip Sing Lee is the wealthiest Chinese in this valley, and his fortune is estimated at from \$50,000 to \$100,000. He conducts a general merchandise store with a lottery game on the side, in this city, and has branch stores in Watsonville, Santa Cruz and Salinas.

Lee has become thoroughly Americanized, and as he is getting old, it is his wish to see his daughter happily married to some good American who will look after and care for his business and wealth. Lee's wife died about a year ago, and as several attempts have been made to kidnap Moi, he is afraid that if she does not marry soon the Highlanders may succeed in abducting her.

Demand of Mlaers.

MASSILLON, O., Sept. 25.—The coal miners of the Massillon district, in convention held yesterday, decided to demand an advance to 60 cents per ton after Oct. 1, and it is believed that their action will precipitate a similar demand throughout Ohio. The miners now receive 51 cents a ton, but the operators expected to offer 56 cents on Oct. 1, assuming that the differential under Pittsburg must be subtracted from Pittsburg's cash rate. The miners contend, however, that the company store rate of 69 cents must be taken as the basis, giving them 60 cents in Ohio. If their demand is refused they will strike.

Steamer Overdue.

GREEN BAY, Wis., Sept. 25.—The Lackawanna steamer Grand Traverse, from Buffalo, to Green Bay, is 36 hours overdue here and nothing has been heard from the boat since it was sighted passing Mackinaw about noon Sunday. The boat is on her regular trip to Green Bay with a cargo of general merchandise. The boat is commanded by Captain William Kelley of Buffalo and carries a crew of about 20. There is great anxiety as to the fate of the boat, though the agent of the Lackawanna company thinks she is lying in the shelter of some island.

Effects of a Load of Whisky.

He had been out of employment, and when he came home last night his wife was waiting for him with her three little ones. She asked if he had secured employment. He did not answer, but drawing a revolver, fired at her. The bullet went wide of the mark, but the woman fainted. Thinking she was dead, Peckhold shot himself in the head. He can not live.

WILL JUSTICE BE DONE

An American Man of Wealth Dies in Guatemala.

AN INTERNATIONAL QUESTION.

JAMES MCCORMACK, a Carpenter, Said to Have Been an American Citizen, Dies Leaving About \$150,000 or \$200,000 on His Person and About \$800 in the International Bank.

WASHINGTON, Sept. 25.—United States Consul General Pringle at Guatemala, in a report to the state department, dated Aug. 31, announces the death in a hospital there on July 16 of James McCormack, a carpenter, said to have been an American citizen. He had about \$150,000, or \$200,000 on his person and about \$800 in the international bank. The courts appointed Javier Arroyo administrator.

The law of the country obliges the legal representatives of any one who dies in the hospital in the state to present themselves within 30 days, otherwise the estate reverts to the hospital. As the consul general was told that McCormack left a wife and some children, supposed to be in England, he procured from the judge an extension to three months, of the time allowed for the appearance of the heirs, the farthest limit permitted by law, but he expresses fear that the time will elapse before the widow gets the notice.

DUEL WITH SWORDS.

The Ring Built For the Bull Fighters Used For Another Purpose.

ATLANTA, Sept. 25.—In the ring built for the bull fights a fierce duel with swords took place yesterday between two Mexican bullfighters, Genaro Zetucki and Don Carlos Garcia. They were both aspirants for the smiles of a pretty American girl, who acts as cashier at the Mexican village on the exposition grounds.

They had been friends, but quarreled, each claiming to be the favorite of the girl. They agreed to fight with swords and repaired to the ring. Before the police or anyone could interfere, Garcia received several cuts, and is now in the hospital, but not dangerously wounded. His antagonist was arrested and is behind the prison bars, while the pretty cashier is still making change at the village.

SURGEON TO THE EMPEROR.

Death of Dr. Henri Adolf Bardeleben in Berlin.

BERLIN, Sept. 25.—Dr. Henri Adolf Bardeleben, who was one of the surgeons who attended the late Emperor Frederick in his last illness, is dead at the age of 77 years.

Dr. Bardeleben was born in Frankfurt-on-Oder, and after studying medicine at Berlin, Heidelberg and Paris, he became professor in the university at Giessen in 1878, subsequently leaving that institution to take the chair of surgery in the university of Greifswald. In 1886 he became a director of surgical clinics in the royal hospital of charity at Berlin. He was the chief of the medical and surgical staffs in the wars of 1866 and 1870. He was associated with Dr. Virchow and Dr. Muller in several medical works.

FATAL CAVE-IN.

Three Men Meet an Untimely Death While Working on a Sewer.

MERIDEN, Conn., Sept. 25.—Three men were killed near the outskirts of this city yesterday afternoon by the caving in of the side of a sewer. The dead men are:

Mattias Bonanzi, Italian, 35 years old.

Andrew Tristupo, Polish laborer.

Jacob Govrans, Polish laborer.

The victims of the accident, with other laborers, had opened a trench 11 feet deep and little precaution had been taken to guard against a cave-in. A large water pipe sprung a leak and washed away the earth, and a large section of the side gave way almost without warning, and the three men were buried beneath the falling earth.

Hirsch was committed to the asylum as a pauper after he had parted with his money.

HIS HAIR TURNED WHITE.

Frightful Experience of a Man Attacked By a Bull.

LAMBERSVILLE, N. J., Sept. 25.—While Antonio Frazy, a laborer, was going through a wood near Woodville yesterday morning he was chased by a bull. In trying to reach a place of safety Frazy stumbled and fell. The bull tossed him around in a terrible manner, and at last threw him upon a large rock.

Frazy got up into a tree from the rock out of reach of the infuriated animal. The bull kept him there until almost dark and then walked away, allowing Frazy to escape. Frazy was bruised in a frightful manner and his coal black hair turned gray in places from the experience he passed through. Farmer Kroger, who owns the bull, says the animal was always gentle before, and that the trouble was caused by a red handkerchief which Frazy wore around his neck.

STANLEY'S MOVEMENTS.

It Is Rumored That He Is Under Commission From Belgium's King.

WINNIPEG, Sept. 25.—After a pleasant stay of several days in Winnipeg, during which time he was entertained in various ways by leading public men, Henry M. Stanley left here over the Canadian Pacific railroad for the Canadian Rockies. He will spend a couple of days in the mountains hunting and fishing with a party of gentlemen who have arranged to join him.

His traveling companion west is Charles Mackintosh, the governor of the northwest territories. It is understood that Stanley has been commissioned by the King of the Belgians to report on the Canadian northwest country as a field for Belgian immigrants.

Involuntary Manslaughter.

LOGANSPORT, Ind., Sept. 25.—Frank Kemp, the cripple who shot and killed his father at Galveston Sept. 8, pleaded guilty to involuntary manslaughter yesterday and was given three years in the northern prison. The grand jury had returned an indictment against him for murder in the first degree, and the plea is displeased with the disposition made of the case. The action taken yesterday was the result of an agreement between Kemp's attorney and the prosecutor.

SHIP CANAL PROJECT

Deep Waterway Convention in Cleveland.

FROM FRESH WATER TO SALT.

A Channel From the Inland Lakes to the Ocean Proposed—Congress Will Be Asked to Aid the Project—The Great Benefit That Will Be Derived Therefrom—But Little Opposition.

CLEVELAND, Sept. 25.—Delegates to the first annual convention of the Deep Waterways association, which assembled here yesterday afternoon for a three days' session, constitute a representative body. The American congress, the Dominion parliament, big cities on both sides of the international boundary, great universities and scientific associations, boards of trade and organizations of engineers and vessel owners—all forces in the commerce and civilization of the American continent—are represented.

There are among the delegates men prominent in the scientific, educational, commercial, financial and industrial world—and all are inspired by a common purpose—to break the fetters which have heretofore bound the commerce of the great lakes by opening a deep waterway to the sea. The convention may not be able to provide the means for making the great national improvement, but will discuss the ways and endeavor to select the best manner of doing so.

They will boom the project for a 26-foot channel from the lakes to salt water.

As good an authority as ex-Secretary Warner Miller has said that the next congress will be a waterway congress. It will be the aim of the association to convince congress that it is the highest interest of millions of people living in a score of states to build a deep channel to the sea. Whether it be by the way of the Hudson or the St. Lawrence is as yet undetermined.

A 21-foot channel from Duluth to Buffalo will be completed in November. A 14-foot channel now leads by the way of the St. Lawrence to the Atlantic. Farmers who raise grain and the cattle-raisers of the west would be most benefited by the channel. It would open to lake port manufacturers an opportunity to send their products by boat, the cheapest possible freight to all parts of the world. Opposition is expected from Buffalo, Quebec and Montreal—cities that would lose much of their importance as transfer points.

MRS. WALLER COMING HOME.

Advised Not to See Her Husband in Marshes Prison.

WASHINGTON, Sept. 25.—Secretary Olney has received the following telegram from Ambassador Eustis, dated at Paris, yesterday:

"Mrs. Waller's family arrived at Paris. She has decided not to visit her husband. Impossible to engage passage before Oct. 4, on which day they will sail on the Amsterdam."

Paul Bray, Mrs. Waller's son by a former marriage, was at the department early in the day, and was one of the first to be put in possession of the news concerning his mother. He has not received any word from her direct since before she left Mauritius. It is presumed that Mrs. Waller acted under the advice of Mr. Eustis in not attempting to see her husband while in France. She landed in Marseilles, near where he is in prison.

Waylaid on the Highway.

GALLIPOLIS, O., Sept. 25.—While returning from a soldiers' reunion up the Kanawha, John R. Lanier was waylaid near Wyoma, nine miles from here, by Thomas Potts, who waited for him on the main road and shot him twice, the balls taking effect in his back. The wounded man managed to reach his home, several miles away, where he soon expired. No trouble existed between the two, and what induced Potts to commit the crime is unknown. The people are very indignant over the matter, and excitement is running high. Potts was arrested and placed in jail.

Dislocated His Jaw.

WILMINGTON, Del., Sept. 25.—Samuel Henry, colored, while indulging in a hearty fit of laughter over a story told by a friend, dislocated his jaw. Surgeon Hughes fixed him up again and dismissed him with an admonition to refrain from uproarious laughter hereafter.

The Third National bank deposited \$110,000 and the Mechanics' bank the remainder. NOT A CANDIDATE.

Dr. Owens Says He Has Never Seriously Entertained the Ambition to Represent the County in the Legislature.

MAYSVILLE, KY., September 24, 1895.

Hon. John W. Alexander, Chairman Democratic Executive Committee—My Dear Sir: Your request for an expression from me as to my candidacy for the honor of representing Mason County in the next General Assembly of Kentucky is before me.

The Democracy of Mason County recognize that at no time in her history should greater prudence be exercised in the selection of a candidate than now.

Being individually deprived of the right of voting for United States Senator the harmonious Democracy of Mason County demand that their Representative shall have a regard for the sound and unalterable principles of true Democracy, in contradistinction to the anti-Democratic stint that is being engrafted into the soul of our party, to bear fruit unsound and of an imaginary value having local confines and not the world for a market. Democracy, always sound, repudiates class legislation and sumptuary laws and asks for the peace and prosperity of a united country. If the Democrats of Mason County want a free system of turnpike roads, they do not want an imaginary system after they have paid their honest dollars in taxation. They want roads as sound as the dollars with which they pay for them. They want a system of free roads not only good enough for a few to travel upon, but a delight and a value to all. This is not reached by simply collecting a tax from the people, but by a conservative use of the hard earned tribute paid.

With equal welcome, every tax-payer of Mason County may receive a system of free and useful turnpike roads, but they do not want piece and patch work highways over which to travel and for which to pay taxes with equal regret. Our people glory in their personal comfort as well as in their fertile fields.

To vote intelligently upon such important issues requires a maturer judgment than found usually among those who seek the office. I would not personally hazard the interests of my people, whom I love, and who have honored me by their confidence every day of my professional life, by asking so much as to be their Representative.

It is now my pleasure to deny ever having seriously entertained the ambition. Very truly,
CLEON C. OWENS.

GENERAL HARDIN COMING.

The Democratic Nominee for Governor Will Speak in Maysville Wednesday Night, October 23rd.

General Hardin, the Democratic leader in the present State campaign, will be heard in Maysville before the election. He will speak at the court house Wednesday night, October 23rd, at 8 p. m.

Chairman John W. Alexander of the Executive Committee has made all arrangements to that effect.

General Hardin is one of the most eloquent of Kentucky's many gifted sons, has always been a favorite among the Democrats of this section and will no doubt be tendered an enthusiastic reception on his approaching visit to Maysville.

It will pay you to hear him discuss the issues of the campaign.

Six young Paris boys started Monday night to run off to Atlanta to take in the exposition, but the News says somebody gave the snap away, and the boys were persuaded by their parents to remain at home. Better stay at home, boys, it's a long walk to Atlanta.

The officers of the Frankfort penitentiary have discovered that some of the convicts are making counterfeit silver quarters and dimes inside the walls. Some of the money has been put in circulation. Warden George made a thorough search and found the crude plaster casts in which the quarters were moulded and some of the metal, which was composed of Babbitt metal and pulverized glass. The guilty parties have not yet been discovered.

Says the Danville Advocate: "Nearly every mail brings Postmaster Mahan letters from Yeager heirs who are anxious to get into the divide of that \$50,000,000 which that family has awaiting its appearance in Germany. The letters come from all points of the compass and from men, women and children. If Yeager heirs keep bobbing up and the fortune is turned over to them, there will in all probability not be over 33 1-3 cents for each."

A HAPPY HOME WEDDING.

Marriage of Mr. Charles W. Buck, of Aberdeen, and Miss Mollie Heflin, of This City.

A pretty home home wedding took place this morning at the residence of Mrs. James A. Heflin, Miss Mollie Heflin and Mr. Charles Buck being the happy couple who were joined in holy wedlock.

At 8:30 o'clock the couple entered the parlor where under the brilliant lights and in the presence of a few relatives and intimate friends the nuptial ceremony was solemnized by the Rev. D. P. Holt, of the M. E. Church.

The bride is the third daughter of the late Colonel James A. Heflin, and is a lovely young lady. She wore a pretty traveling costume of blue and carried a handsome Bible, the gift of her mother. The fortunate groom is one of Aberdeen's most popular and industrious young men. He is to be congratulated upon his choice of a life companion.

The happy couple were the recipients of many beautiful gifts. After congratulations and best wishes Mr. and Mrs. Buck left for Huntington and Old Point Comfort.

FIVE CIGARETTE STORIES.

The "Coffin Nails" Have Gotten the Best of Several Smokers and Will Do Up Others.

[Bourbon News.]

The officials in the Episcopal Church at Fern Bank, Ohio, have asked their pastor, Rev. De Kay, to resign because he wore white duck trousers, smoked cigarettes and visited an actor-friend named Fulford.

A cigarette recently set fire to a bale of hay in Cincinnati and caused a \$200,000 fire.

Col. Bradley, the Republican candidate for Governor, is a cigarette smoker, and puffs the coffin nails with child-like satisfaction. They may be political coffin nails—who knows?

Maggie Deweese went to bed at Troy, Ohio, Thursday night, smoking a cigarette, and fell asleep. When she awoke, the burning bed-clothes had burned the hair off her head.

Indulgence in "jimpson" weed cigarettes laid Harry Herman, of Massillon, O., out with a case of stramonium poisoning. The symptoms closely resemble those of hydrophobia. He frothed at the mouth and bled at the nose, and it required two men to hold him.

ATTEND TO SMALL THINGS

And Leave the Big Ones to Care For Themselves—Some Excellent Advice.

A writer in a recent issue of the Baltimore Manufacturers' Record gives some excellent advice. He says:

"Replying to your inquiries, I would say that, in my opinion, Kentucky, and it applies to the South, will have solved the problem of future prosperity in the development of her resources when she gives her attention to small things and leaves big ones to care for themselves.

"In reply to my query as to the secret of the success of his company, the head of a \$20,000,000 industrial concern recently replied, 'Attention to detail.'

"The South places too small value on small things. She wants a banquet, when she needs many plain dinners.

"She wants plantations, when she needs small farms. She wants colossal manufacturing plants, when she needs many small factories.

"The most important lesson, I think, for the South to learn is the value of making 'two blades of grass to grow where only one did formerly show;' the value of intense farming; the value of feeding land; the fact that twenty-five acres well fed and cultivated will give more net profit than 200 acres starved to death and poorly cultivated.

"The German, Swede and other foreigners are teaching us this lesson, and we must learn it or give way to them.

"I have seen a farmer in the South plant hundreds of acres of starving land, and he wonders that he came out in debt. I have seen the German of Wisconsin cover a fifty acre field, already fat, with hundreds of wagon loads of manure and grow rich.

"Southern farmers should get rid of all surplus land."

Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. The New Pastor at the South M. E. Church.

Rev. J. S. Sims succeeds Rev. T. W. Watts as pastor of the M. E. Church, South, and the latter was assigned to the church at Paris.

Mr. Watts had served the church here two years and it was the general wish of the congregation that he be returned. His health, however, has not been good, and he desired a change to some other field.

Rev. Mr. Sims has had charge of the church at Ashland three or four years, and has won a warm place in the hearts of the people wherever he has been located. He comes highly recommended as a pastor and preacher. Mr. Sims is a son-in-law of Hon. R. B. Lovel.

The list of appointments will be published to-morrow.

COMMISSIONER'S SALE!

FAYETTE CIRCUIT COURT.

Andrew Lydick and Others, } Public Sale.
on
Petition to Others.

By virtue of a judgment in the above styled case, rendered in the Fayette Circuit Court the 10th day of September, 1895, I will on

Thursday, Oct. 17, 1895,

as Special Commissioner, sell at public sale a tract of land containing one hundred and seventy-six acres and seventy-eight poles (176.78) situated on the Russell Cave pike, in the county of Fayette, adjoining the farms of Thomas Carick, George Graves, L. P. Huffman, Jacob Sidener and Charlie Harp. Said sale will be made upon the following terms: One-third on the 1st day of March, 1896, one-third on the 1st day of March, 1897, and one-third on the 1st day of March, 1898, with interest at rate of six per cent per annum from the 1st day of March, 1896, until paid. Purchaser will be required to execute bond with approved security, complying with terms of sale. Lien will be retained for the deferred payments. Possession of said place will be given on the 1st of March, 1896. Said farm is situated 11 miles from Lexington, 8 miles from Paris, 8 miles from Georgetown, and 13 miles from Centerville depot on the Midland railroad, and one-fourth of a mile from church, school house, postoffice, store and blacksmith shop. Upon the farm is a good residence of seven rooms, stock barn, ice house, meat house, buggy house, corn cribs and cabins. This is one of the best fenced farms in Fayette county; more than 100 acres in grass. On it there are five walled pools of never failing stock water, a good cistern and deep well; an orchard of select fruit. The land is naturally good, and is now in fine condition for cultivation.

The Old Union and Haun's Mill pike runs through the farm, leaving upon the south side about 47 acres, and upon the north side 129 acres and a fraction. These two portions of the farm will be offered first separately, and then as a whole, and the highest bid will be accepted. The sale will take place at 11 o'clock a. m.

H. C. FUNK, Special Commissioner.
